

# MEDSAVVY®

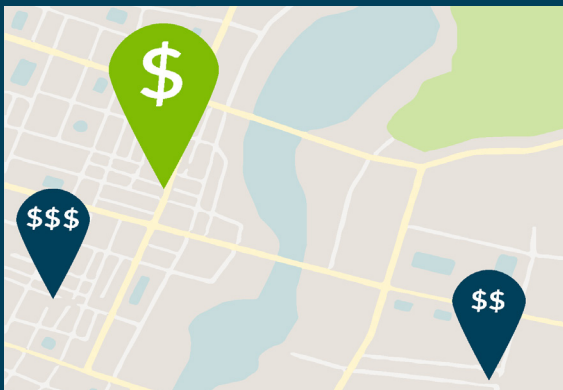

Helping employers & employees save on medication costs while improving health

## A unique & innovative employee benefit

MedSavvy provides employees with online access to medication costs, quality, and side effects in side-by-side comparisons.

Additionally, our team of pharmacists provides online consultations and grades medications using a rigorous evidence-based system. MedSavvy integrates with your existing pharmacy benefit plan and the medication costs are customized to your health plan and location!

[About MedSavvy Video](#)

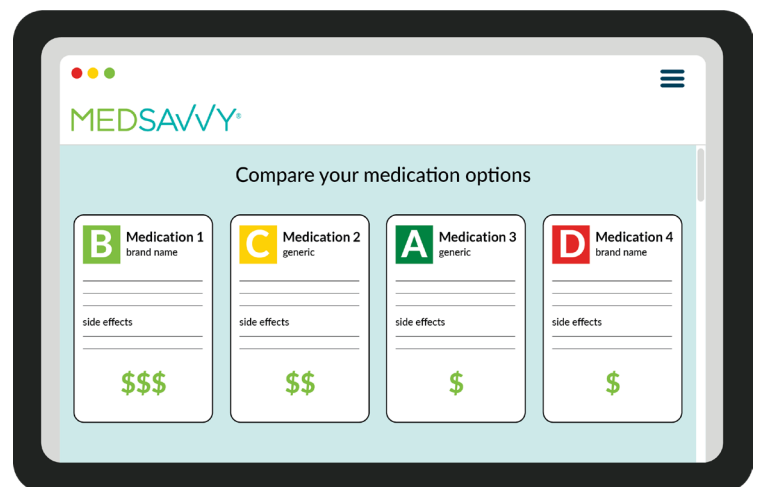

Now more than ever you need to cut costs! Your pharmacy spend is a benefit area with the largest potential for savings.

The rising cost of prescription drugs is a growing burden on employer-sponsored healthcare plans. More than 60% of employers say drug and medical spending is unsustainable for their business.\*

If **15%** of employees choose lower cost options in MedSavvy...  
prescription spend can be lowered by **6%** annually.
